**Information from the Catholic California Conference on Mid-term Elections**

This weekend, before mid-term elections, I am providing information from the Catholic California Conference on two propositions of special importance which I hope you find helpful. Space does not allow for covering the others, but you can access and download additional information on the Conference website at <http://www.cacatholic.org/13propositions2006.html>.

*The California Catholic Conference (CCC) has prepared the following information for use by Catholics who wish to be "faithful citizens" and informed voters when they go to the polls for California's November 7, 2006 general election.*

*There will be 13 Propositions on the ballot ranging from bond measures for transportation, housing, education and disaster preparedness to initiatives and/ or constitutional amendments dealing with punishment for sexually violent predators, water quality, parental rights, healthcare, energy, parcel taxes to increase education funding, financing of political campaigns, and property rights.*

A reflection on Catholic teaching:

"The present Pope (John Paul II, 1996) has contributed to the development of Catholic Social Teaching as much as any of his predecessors. He has defined the religious heart of this teaching as 'the need for conversion to one's neighbour, at the level of community as well as of the individual'... That common good is the whole network of social conditions which enable human individuals and groups to flourish and live a fully, genuinely human life, otherwise described as 'integral human development'. All are responsible for all, collectively, at the level of society or nation, not only as individuals."

—The Common Good and the Church's Social Teaching # 48

*The bishops ask that you prayerfully consider your vote on all the propositions in light of the Catholic teaching. For your convenience and easy reference, a number of teachings are highlighted in conjunction with individual ballot measures.*

*Please note that the California bishops strongly support Proposition 85, the Parents' Right to Know and Child Protection Act. In addition, Catholic Charities of California supports Proposition 1C and the Alliance for Catholic Health Care supports Proposition 86.*

The direct duty to work for a just ordering of society... is proper to the lay faithful. As citizens of the State, they are called to take part in public life in a personal capacity... The mission of the lay faithful is therefore to configure social life correctly, respecting its legitimate autonomy and cooperating with other citizens according to their respective competencies and fulfilling their own responsibility.

-Deus Caritas Est. #28, Pope Benedict XVI, 2006

**Proposition 1C: Housing and Emergency Shelter Trust Fund Act of 2006.** Proposition 1C proposes to issue bonds in the amount of \$2.85 billion for the purpose of providing shelters for battered women and their children; housing for low-income seniors, homeownership assistance for the disabled, military veterans and working families; and repairs to apartments for families and the disabled. Fiscal Impact: It will cost the state approximately \$6.1 billion over 30 years to repay bonds.

PRO: Let's Rebuild California, [www.readforyourself.org](http://www.readforyourself.org)

ARGUMENT: Proposition 1C will provide shelters and housing for the needy-without raising taxes; supported by Habitat for Humanity, AARP and CA partnership to End Domestic Violence.

CON: Assemblyman Chuck DeVore, [www.noProp1C.com](http://www.noProp1C.com)

ARGUMENT: Proposition 1C will give money to a select few who are chosen by bureaucrats - at a cost of \$600 for every family of four.

*Catholic Charities of California supports Proposition 1C, saying, "Our communities are out of balance when large numbers of people are in inadequate housing or without homes. Voters in 2002 supported increased housing programs. Prop 1C continues that legacy of improved housing programs, sheltering battered women, and makes our communities more affordable for all."*

A reflection on Catholic teaching:

"Individual citizens and intermediate groups are obliged to make their specific contributions to the common welfare. One of the chief consequences of this is that they must bring their own interests into harmony with the needs of the community, and must contribute their goods and their services as civil authorities have prescribed, in accord with the norms of justice and within the limits of their competence."

-Peace on Earth #53, Pope John XXIII, 1963

**Proposition 85: Waiting Period and Parental Notification before Termination of Minor's Pregnancy.** Initiative Constitutional Amendment. Proposition 85 will amend the constitution to prohibit abortion for an unemancipated minor until 48 hours after physician notifies minor's parent/guardian, except in medical emergency or with parental waiver; will mandate reporting requirements. Fiscal Impact: Potential unknown net state costs of several million dollars annually for health and social services programs.

**SECOND COLLECTION THIS WEEK FOR PARISH YOUTH**

Youth are vital to the life of our parish, and Holy Family strives to provide comprehensive ministry to those in grades 7-12. At Holy Family, our mission for Youth Ministry is three-fold; to empower young people to live as disciples of Jesus Christ in the world today; to draw youth to responsible participation in the life, mission and work of the Church; and, to foster the total personal and spiritual growth of the young people in our faith community. These interdependent and equally important goals guide Holy Family's ministry with youth. These goals state what it means for the Catholic community to respond to the needs of young people and to involve young people in sharing their unique gifts with the larger community. The second collection this weekend is to support Youth Ministry at Holy Family. Please be generous.

## **MID TERM ELECTIONS, continued**

*PRO: YES on 85/Parents' Right to Know and Child Protection, [www.YESon85.net](http://www.YESon85.net) (see below) ARGUMENT: Proposition 85 will prevent secret abortions on minor girls. Parents need to know about medical procedures on their daughters.*

*CON: No on 85-for Real Teen Safety, [www.Noon85.com](http://www.Noon85.com)*

*ARGUMENT: No law can mandate family communication; Proposition 85 won't stop predators and is the first step in overturning Roe and banning all abortions.*

A reflection on Catholic teaching:

"The family is the 'privileged community' wherein children are meant to grow in wisdom, stature and grace. We are counseled to work with public authorities to insure that the family's prerogatives are not usurped."

-Catechism of the Catholic Church. No. 2206-2209

"The Church must be committed to the task of educating and supporting... people involved in law-making, government and the administration of justice, so that legislation will always reflect those principles and moral values which... advance the common good"

The Church in America. #19. Pope John Paul II, 1999

*The California Catholic Conference, California Pro-Life Council, Catholics for the Common Good, California Knights of Columbus, Catholics for 85 and many pro-life, pro-family groups support Proposition 85 saying that it will allow Californians the right to counsel and care for their daughters before and after an abortion; there are similar laws that protect girls in over 30 states, where implementation resulted in decline of both minor pregnancy and abortion.*

*(Websites: [www.cacatholic.org](http://www.cacatholic.org); [www.yeson85.net](http://www.yeson85.net); [www.caparentsrights.org](http://www.caparentsrights.org); [www.catholicsfor85.org](http://www.catholicsfor85.org).)*

"We believe that society's common good is enhanced when family integrity is honored, parental responsibility is respected, and nascent human life is preserved ... We strongly encourage Catholics in our state to share their time and treasure in promoting Proposition 85 as good public policy, and in exercising their citizenship in voting for it in November."
